

## Feedback and Testimonials

Here's what some of our customers have said about Insta-Dent Cosmetic Denture Alternative&trade; through eBay feedback and personal emails.... Just a short note to let you know this product is fantastic! DR This item is excellent, much better than I thought it would be....I have a small mouth and found the denture went back a long way, so it was trimmed slightly and is now a very comfortable fit. I did need to use an adhesive as it felt a little loose at the front, my gum is very small and shallow I would definitely purchase another and will be recommending this product to others. As a seller&hellip;you are superb, with good communication, which you don't often get these days. Many many thanks to you.
